**Dear Members,**

**This is to notify you that I will be retiring March 25, 2022. It is with a full heart that I make this decision. It has been a true joy to finish the last chapter of my career in such a beautiful community. After owning and working many years in big salons, this has been a stylist's dream. For that I thank you, as well as all the previous Boards. Plus, I've always felt I've had the "best view" anyone could ask for – the palm trees, the pool, the flowers. But more than all of the above, it has been the residents/clients over the years that have made my time here so special.**

**I also want to thank all of the Board Members and Residents for allowing me to serve this home state of Michigan. We have 5 married sons and 15 grandchildren and another one on the way. Two sons are in Michigan, two here in Arizona and one in California. I'm grateful for the sons who live in the warm climate. The next chapter of my life will be very full. I plan on doing volunteer work, take up gardening and spending lots of time with the grandchildren, other family and friends. Thanks again. Good health to all.**

**If you currently have a bike in the bike cage, please put your bike in properly to allow the 3 wheelers plenty of space to park. Due to the number of bikes in the bike cage no more bike keys will be available at this time. It would be helpful when you park your bike to use the same spot if possible.**

**Thank you for your cooperation to all bike owners,  
it's deeply appreciated.**
