

Jan and Patti's Updates

***Hope this finds all of you
staying cool and well!***

We Need Your Opinion

Please see below the ideas for possibly replacing the fountains between buildings 2/3 and 4/5. We would add benches and make more conversation areas.

Please respond to this email with your thoughts and if you like a particular idea let us know.

The Board will be discussing these ideas but they would like your input.

**If you like ones of these options please let us know!!
The Board wants to hear from all of YOU!!**
