

La Solana Painting Project

Who is **EmpireWorks?**

EmpireWorks is the painting contractor chosen by the board to undertake our painting project. The company specializes in painting large condominium communities. They come to us well recommended with excellent references. We are very excited to begin our long awaited painting transformation with them.

There will be a Pre-construction Meeting on June 11, 2024 at 9:00am. At this meeting we will receive information on how EmpireWorks will proceed with our project. We know that construction work will be done before painting will begin. We still need to learn in which order they plan to proceed painting the buildings. This and other questions will be answered at this meeting.

The construction work is tentatively set to start on June 26, 2024 with painting to follow immediately. The project is estimated to take 6 months to complete.

The success of this project is the responsibility of all of us. Please do your part by removing everything from you entry and patio/balcony area and removing everything from your walls. If you will not be on property when your building is being worked on, be sure the office knows who has your key and is watching your condo.

The Board and Office Staff will do our very best to keep you informed.

Please send any questions to colorlasolanahoa@gmail.com. Thank you all for your cooperation during this challenging yet very exciting time for La Solana.
