

La Solana Town Crier

All the positive news that's fit to print.

Notes from Jan Smith, HOA President

How about some summer Trivia?

Did you know June is the month of the Strawberry Moon? Well it's not necessarily because of the moon's reddish color. The June moon is more about the berries themselves. The Strawberry Moon name has been used by Native Tribes to mark the ripening of June bearing strawberries that are ready to be gathered.

We are also welcoming the Summer Months and are pleasantly surprised how mild the days have been. We are enjoying 68 degree mornings and mostly under 100 degree days.

La Solana has been busy as usual and several projects have been completed or are well on their way to completion. First the seal coating paving project for the Center and East parking areas is scheduled to start around June 15 and should take 3 or 4 days. We have received bids to pave the West parking lot and we will discuss it at the June Board Workshop.

Wyerd has completed the installation of the fiber in the community and they expect to go live sometime in June. (Con't page 2.).

The Super Bloom is Here

Thanks to the greater than usual rain fall this winter, we are enjoying a super bloom. Every where you look, cactus and succulent plants are flowering. Early mornings are a great time to get out and view the bounty while the temp is still cool.

Social Life at La Solana

Thanks to our super hosts, Becky and Patricia, social life at La Solana continues throughout the summer months. We enjoyed bountiful Tacos followed by a chip and dip happy hour. Stay tuned for July 4th hot dogs and some surprises.

Monday AM donuts and coffee continues in the Club House all summer. Come on down.

(Jan, Con't from page 1)

The La Solana address numbers at the entrance were moved up on the wall, so they can now easily be seen.

The new xeriscape garden at our entrance is still scheduled to be planted in August. We will send out pictures.

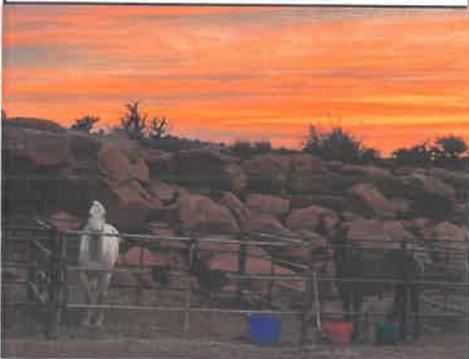

Patti is working in the office full days on Monday, Wednesday, and Friday and half days Tuesday and Thursday. We have posted the part time position.

The Summer Social Committee has been very busy and there has been two very successful events. Bingo has also been enjoyed and numerous card games are taking place.

I hope you are enjoying your Summer. We will keep you posted with all that's going on at La Solana. Please try and attend on Webex at 10am, the June 14th Workshop and the June 21st Board Meeting

Jan Smith,

Board President

IMPORTANT NOTICE

To date the resealing project is going to take place around June 15th. As the date gets closer, please check your emails for more updates.

The resealing project will take place in the following areas:

- **Parking spots: U1-U8, 78-210**
- **Golf Cart spots: G4-G18, G39-G42**
- **The Bike Cage**

ALL BIKES in the bike cage - need to be removed before resealing begins.

All car and golf cart owners please make sure if you are not on property that someone has a key to your car &/or golf cart in order to be moved before the resealing begins. If vehicles are not moved, vehicles will be towed at the owners' expense.

If you have any questions please contact the office

La Solana Long Range Planning Update

With the recent completion of the resident survey, the Long Range Planning Committee has accomplished three of the five sections of the Plan itself. The Scope of Work and the Mission Statement were developed initially and the survey brought the committee the information required to move forward towards the ultimate outcome – which is the Long Range goals. Over the summer months, the committee will be developing plans for bringing together resident focus groups to further explore specific ideas for La Solana's future. The focus group meetings and the goal setting comprise the last two sections of the Plan itself. Our congratulations go out to the survey participants. It was an outstanding response and most helpful to the committee. In the Fall/Winter period, we will once again call upon the community to take part in the focus groups. It is our hope that the residents will respond enthusiastically once again.

Jean McBrien, Long Range Planning
